

Under många år var det inte åldern som avgjorde huruvida man var junior eller ej, utan de prestationer man uppnått. Därför kunde t ex Ernst Cederlöf vinna JSM 1912 i en ålder av 25 år. 1912-1915 resp. 1930-1934 korades enbart sammanlagd mästare, i enlighet med de regler som också gällde för Senior-SM.
